

Disease is an effect, not a cause. Its origio is within; its manifestations without. Hence, to cure the disease the caus - must be removed, and in no other way can a cure ever be effected. Warner's SAFE Cure is established on just this principle. It realizes that 95 PER CENT.

of all diseases arise from deranged Kidneys and Liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and, by placing them in a healthy condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealthy Klaneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Nervous Affections, and physical derangements generally, this great remedy has no equal. Its past record is a guarantee of continued performance.

derstanding." Good Shepherd, North Topeka—Dean Millsbaugh will officiate at 8 p. m.

NEW MONEY ORDERS

Postal Notes Are to be Done Away With,

And a Novel Kind of Money Order Substituted.

RATES ARE REDUCED.

This Will Be Bad for Express Companies.

WASHINGTON, April 7 .- [Special.] -Some important changes are to be made in the postal system July next. A new money order plan will go into effect by which both large and small sums can be transmitted by letter, with absolute safety —what the present postal note does not do —and at rates much less than anything heretofore devised. Orders for \$2.50 or less are to be seenred for only 3 cents and orders for larger amounts up to \$100 at rates graduated up to 30 cents. The form of the new order is artistle and of conven-ient size for handling. To should be popu-lar from the start. It is engraved on steel and serves as a good illustration of the dency of Uncle Sam in recent years to be slightly asthetic in issuing his governmert paper. The fees to be charged for money orders are as follows:

For \$2.50 or less, 2 cents; \$2.50 to \$5, 5 cents; \$5 to \$10, 8 cents; \$10 to \$20, 10 cents; \$20 to \$30, 12 cents; \$30 to \$40, 15 cents; \$40 to \$50, 13 cents; \$50 to \$60, 20 cents; \$60 to \$75, 25 cents; \$75 to \$190, 30

Compared with the above, the present rates for the issue of money orders are For \$5 or less, 5 cents; \$5 to \$10, 8 cents; \$10 to \$15, 10 cents; \$15 to \$30, 15 cents; \$30 to \$40, 20 cents; \$40 to \$50, 25 cents; \$50 to \$60, 30 cents; \$60 to \$70, 35 cents; \$70 to \$80, 40 cents; \$80 to \$100, 45 cents.

Bad For the Express Companies. This reduction of rates, especially on large orders for money, will give the gov-ernment more business, for heretofore the express companies have charged less for these sums and left the postofilee department to handle the unprofitable smaller

The postal note has never been successful, nor has it been safe. Any one can get one of these slips of paper cashed by signing his name and presenting it for pay-ment at an office authorized to pay, so that the risk in sending it through the mails is as great as it would be if accual money were inclosed. Its only advantage is that it can be made out for a fractional sum, and it may be slightly more difficult of detection as compared with ordinary money when inclosed in a letter.

At present postmasters get 3% cents for each order issued and the same amount for each order paid, and I cent for each postal note issued and three-quarters of a cent for each note paid. Under the new system postmasters will receive a commission of 3 cents for each money order issued. Fourth class postmasters will probably be directly benefited by the change, and the remainder of the 65,000 postmasters in the country will be benefited indirectly by the increase that will doubtless ensue in the volume of the money order business. Postoffice department officials estimate that this increase will reach about 30 per cent during the first year of the operation of

the new system. Most newspapers and business firms receiving their remittances through the mails make a habit of repeatedly notifying their patrons and mail customers that money transmitted by postal note is wholly at the risk of the sender. This is a very wise precaution, but the new money order has an ingeniously contrived system of coupons which serve as an effective check both upon postmaster and purchaser, and it will be exempt from all the present embarrassments and imperfections. Perhaps the perplexing problem as to how money may be sent by mail with absolute safety, convenience and at little cost has at last been solved.

Uncle Sam Behind the Times. The commission of congress chosen to inquire into the matter has found among other things that the devices used in the administration of the money order system have remained substantially the same as when the system was first organized 30 years ago, while in all other lines of business activity the most radical revolutions have been wrought. For 11 years past the volume and amount of the money order business have remained stationary, the aggregate amount of fees received being something over a million dollars every year, with but trifling increase or diminution. The postal note business likewise, which was put in operation some 10 years ago, has had no growth for the past five years to speak of, the revenues from fees reaching only about \$200,000 a year. The cause of this failure of the money order business to grow with the increase of the postal business of the country is no doubt due to the antiquated and unpopular methods of the administration. In fact, the postal business of the United States is be-In fact, the hind the times, and it has not kept touch with the people. But these defects have now been remedied, it is believed, and the new system promises to be extremely pop-

Gossip About the Tariff Bill. No great headway was made in the tariff bill last week. There is no telling how long this debate will last in the senate, but some of the more sanguine Democrats place the time at two weeks. Republican. senators are inclined to smile at this estimate, and some of them go so far as to say that the bill will be on the calendar until dog days. The Democrats, however, wish to have the bill disposed of at the carliest practicable moment, but the Republicans seem determined to do a good deal of talking, so that the ultimate outcome is as much of a problem as ever. The most serious features of the bill, or those which are giving the most trouble, are the sugar schedule and the income tax. There is a determined effort on the part of the eastern element of the Democratic side to defeat the income tax, and the champions of the bill realize that if the Republican senators also stand solldly against it it will be defeated. They allow that they will lose about 10 Democratic votes, but they think they will get about an equal number from western Republican senators and claim that whatever course the Populists may pursue when it comes to acting upon the bill as a whole they will stand solidly with the committee for the income tax.

THEY'RE IN A FLUTTER. some of the Policemea May Be Removed

The term of office of every member of the Topeka Metropolitan police force expires next Tuesday night, under the state law which provides that a new force, from the chief to jailer, and all the patrolmen, shall be appointed on the second Tuesday of each April.

There will be changes made in the force. The most important office of course, is that of chief of police, or marshal, which has a salary of \$1200 a year attached. There are rumors that there are other men who would make a more acceptable chief than H. C. Lindsey. Other rumors say Chief Lindsey does not want to be reappointed. The latter statement Chief Lindsey denied today. He said that he was willing to give Topeka another year of his services at the same figure, although he doesn't care much about the office, and \$100 doesn't begin to pay his household and personal expenses. Regarding the other assertion, the commissioners say they have no complaint to make with the manner in which Mr. Lindsey has handled the police force. On the contrary they express only approval of his administra-

Sergeant Henry Steele is one of the members of the force whose official head is in jeopardy. It is said that one of the commissioners is pledged to see that Steele is removed. Steele is one of the oldest and most efficient men on the force. He does as much hard work as any officer; and is intimately acquainted with all the criminal class, which is a necessity in managing the criminal ele-

Not much is said regarding Captain Peter Gish. That officer saws wood and attends strictly to business. While he has enemies who are fighting him, it is exceedingly doubtful, if they can bring pressure enough to bear to get him out

Tim Donovan, who made a poor chief, fits the office of sergeant very accepta-bly, and even his enemies are satisfied to

let him stay where he is. Officer Capron is having the hardest fight to retain his place. His hasty action in shooting Frank Brogan and his temporary suspension for abusive language are against him.

The job of Ed Woodruff the jailer, is another one in doubt. Some of his more candid friends say that Woodruff is among those "elected" to go.

A. B. Whiting, the chairman of the

board of police commissioners, says that every officer who is not re-elected next Tuesday night may consider himself discharged. Mr. Whiting requests and urges the citizens and taxpayers of Topeka to make suggestions to the board, of any changes that would tend towards increasing the efficiency of the force. Mr. Whiting wants, of course, unprejudiced suggestions; he gets too many of the other kind already. He says any candid suggestions towards bettering the police force will be courteously received and carefully considered.

Horse Traders Arrested. Geo. Sieber, Frank Collins and J. Morrow, three horse traders, were arrested last night about eleven o'clock by Sergeant Steele. They were all drunk, and Collins and Morrow resisted arrest.

They were landed safely at the police ation where they put up mon their appearance. Sieber put up \$5 and Collins and Morrow each deposited \$10. The last two named will have to answer to the double charge of drunk and resisting at officer.

KANSAS PATENTS.

Patents granted to citizens of Kansas for the week ending April 3rd, 1894, reported through the office of J. F. Beale, solicitor of patents, 606 F street, N. W., Washington, D. C.: Truman D. Cook, Topeka, windmill; John M. McHenry, Lincolnville, vehicle seat.

The case of disturbance of the peace against Mrs. Annie Calihan was dismissed by Police Judge Ensminger this morning as the prosecuting witness, Annie Norton, did not appear. It was simply a neighborhood quarrel, and was settled up between themselves.

NEWS OF KANSAS

Watkins Land Mortgage Company of Lawrence,

Into the Hands of a Receiver.

OTHER STATE NEWS.

New State Normal Building Nearly Completed.

LAWRENCE, April 7 .- The J. B. Watkins Land Mortgage company, for years doing an immense business here, has gone into the hands of a receiver. The Farmers' Loan and Trust company and the National Bank of Commerce of New York yesterday made application to Judge Caldwell of the federal circuit court at Omaha for a receiver for the above named company, and Mr. J. B.

Watkins was appointed.

The assets of the company are \$7,000,000, and the liabilities \$5,500,000. The

capital stock of the company is \$750,000, and the surplus \$600,000, Mr. Watkins owning \$650,000 of the stock.

The Watkins Mortgage company was able to weather the storm of last summer through Mr. Watkins' outside resources and the confidence reposed in him and the company's careful and hon-orable methods, by all dealing with them. There has been a steady drain on the company since August, 1893, and it has paid out in the intervening time \$955,000. This fact and the failure to make collections have finally forced the ppointment of a receiver.

Mr. Watkins himself considered this the best policy, and the general confi-dence reposed in his ability to bring the ompany out of its difficulties is shown

by his appointment as receiver.

The English stockholders and creditors held a meeting in London today. A plan for reorganization will probably be agreed upon and the receivership will not last long.

The failure of the mortgage company will not affect Mr. Watkins' other inter-ests. The Watkins National bank of this city is in no way connected with the company and has none of its paper. No bank could be in a more sound condition.

SMITH TRIAL FOR MONDAY.

All the Prointnent Populist Officials Sum-moned as Witnesses. KANSAS CITY, April 7. - J. A. Smith, the populist of this city whom Commis-ioner King charges with libel in that he told what he knew about the Lewelling administration, will be tried next week, beginning Monday. Over 100 subpœnas have already been issued and as many more will be issued before the end of the

Many noted populists politicians have been subperned; among others, Mrs. Lease, Governor Lewelling, Fred Close, J. W. Breidenthal and Jim Legate. It is proposed to show that two of the leading jointists of the city went on the note of one of the police commissioners of this city for \$200. This evidence will be used for the purpose of laying a foundation to show that the present adminis-

It is understood that Smith is preparing to prove that all the charges contained in the sensational letter sent to the governor are true. The prosecution, so Smith says, will not be able to prove that he wrote the letter, but the state's attorneys claim they will. In the event that this is proven the outcome of the suit will depend almost wholly on the testi-

mony of Bank Examiner Breidenthal. In the letter King was charged with offering Breidenthal \$2,500 to drop the fight he was waging on the Board of Police Commissioners of Kansas City, Kansas. It further stated that the bank examiner refused the offer. This charge King said was a falsehood and he caused the arrest of Smith on the charge of libel. Smith says Breidenthal will testify to receiving the offer; King says he will not.

NE STATE NORMAL BUILDING. The Third Story Now Reached and Roof Will be Put on Soon.

EMPORIA, April 7.-Workmen are now engaged on the third story of the Nor-mal building and the roof will be put on in a few days. Carpenters, brick layers and stone cutters are scattered through the building from top to bottom, and it is one of the liveliest places in town. State Architect Davis expresses himself as well pleased with it, and says there is no

flaw in the work so far.

The members of the board of public works, as well as Mr. Buckley, the contractor, are anxious to have the work inspected by anyone who feels an interest. The auditorium is now beginning to take shape and may be completed in time for commencement exercises in June. It will have a seating capacity of 1,200,

It is built on the plan of the Schiller, the new Chicago theater, and will be probably the handsomest auditorium in the state. It looks now, regardless the prediction of many persons, that Mr. Buckley will be able to complete the building within contract time.

TEACHERS AT LAWRENCE. Afternoon Session Adjourned to Visit Haskell Institute.

LAWRENCE, April 7 .- Yesterday's programme at the teachers association was one of hard work and was closely followed by all present. Papers were read by Miss Sadie L. Montgomery of the state normal, Prof. A. D. Wilcox, of Ottowa, and A. E. Farrington of Paola. Discussion of these papers was generally participated in by the teachers present.

The afternoon session adjourned early and many of the teachers visited Haskell institute during the atternoon. The association was addressed in the evening by Dr. A. W. Small, of Chicago university, on "The Social Problem." The inclement weather was the cause for only moderate attendance, but the professor's remarks were listened to with the closest attention.

RAILROAD MAN HONORED. Engineer Pollman Elected to the Kansas

City Council. KANSAS CITY, April 7 .- Bernard Pollman, a passenger engineer, whose run is on the Missouri Pocific, between Kansas City and Joplin, will be seated as a mem-ber of the city council. He will represent the Sixth ward, having been elected last Tuesday by a vote of over 2 to 1. The ward has been considered Demo-

cratic, and for two years was held by Democrats, but the personal popularity of Mr. Pollman more than overcame the Mr. Pollman has lived here for several years, owns a large amount of valuable property and is one of the most enterprising citizens of his ward.

ZINC WORKS CLOSED.

Large Number of Men Thrown Out of Employment at Pittsburg.

PITTSBURG, April 7.—The Cherokee zinc works north of the city and the Pittsburg and St. Louis works northeast have closed down. The reasons given are the low price of spelter, and the ne-cessity of an extensive overhauling of the factories.

It is claimed they will fire up again in 60 or 90 days. This throws a large number of men out of employment and adds to the local pressure of the times.

CONGRESSMAN BAKER'S DESIRE. If He Can Get the Renomination He

Would Like to Have It. LINCOLN, April 7 .- It has been generally understood for the last few weeks that Congressman Baker would not be a candidate for re-election, but it seems that this is a mistake.

The fact of the matter is that if Baker finds that he stands a ghost of a show he will make an active canvass for the nomination; that is, unless he is pulled off in the interests of Secretary Osborn, who also wants to be a statesman.

DEMOCRATS INDIGNANT.

That Party at Salina Mad Because the New Postmaster Is a Populist.

Salina, April 7.—Considerable excitement and political feeling exists here over the news of the appointment of August Bondi as postmaster at this place, to succeed W. H. Johnson, removed. The Democrats are indignant and claim the appointee is a Popu-

A number of strong protest sagainst bought in Train Lots, confirmation will be sent to the postoffice department by leading Demo-

Harvey Durrin Dead.

CLAY CENTER, April 7.—This community was deeply grieved this morning to learn of the death of Harvey Durrin, the law partner of F. B. Dawes, who died at his home last night at 10 o'clock. For two years or more the deceased has been gradually failing in health, and as the disease was consumption his death was only a question of a short time.

A Nervy Thief. CLAY CENTER, April 7.—A thief entered the lots on the John Dexter place, and occupied as feed lots by J. P. Otis, Thursday night, and selecting a hog that weighed close to 350 pounds, cut its throat and partially dressed the animal, then cut the hog in two and carried off the sides and hams, leaving Otis the

Washington, April 7.—Late last night Mr. M. S. Rodecker, an aged citizen of this county, while returning home on horseback from a neighbor's was accidentally killed by his horse falling. When picked up his neck was found to have been broken by the fall and life A Fatal Pleasure Ride.

Winfield, April 7.—While eight of the most prominent ladies of Winfield were out riding last evening the team they were driving ran away and threw them all out, fatally injuring two of the tration is "bleeding" the jointists and eldest ones. The rest were badly, though not fatally injured.

THE BARN BURNER SEEN. He Is Chused Out of Dr. Teff't Barn Last Evening.

As Dr. H. K. Tefft's hired man, went out to lock up the barn last evening, he saw a man standing in the doorway of the barn, and as he approached, the man ran and jumped over the fence and disappeared

At Dr. W. S. Lindsay's barn on Taylor street, a skeleton key was found in the door by the hired man, as he entered, and a man ran out of the barn. There is scarcely any doubt that if the man at Dr. Tefft's barn had not been dis-

covered, the barn would have been aftre

in a few minutes. It is to be regretted

that chase was not given and the probable barn incendiary caught. BRODERICK'S RESOLUTION.

Wants Pension Claim Agents to Show More Consideration. Washington, April 7 .- Representative Broderick of Kansas, has introduced in the house, a resolution requiring attorneys and claim agents having offices in Washington and who prosecute claims for pensions, to advise each of the claimants once every three months as to the

condition of his, or her claim. A preamble to the resolution recites that some of these attorneys and agents neglect and refuse to assist in prepairing evidence or give any information what-ever relating to clients claims.
